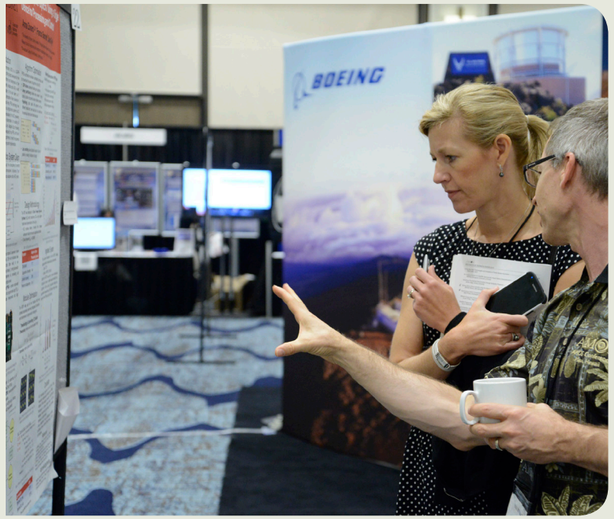
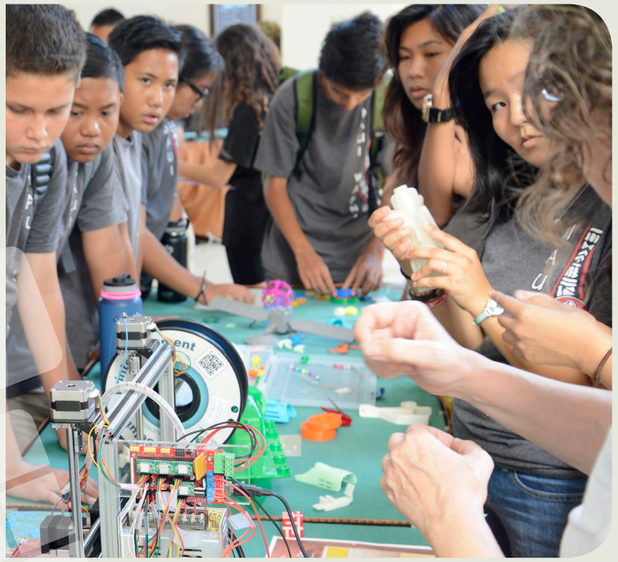
16th AMOS

Advanced Maui Optical and Space Surveillance Technologies Conference

September 15-18 | Maui, Hawai'i

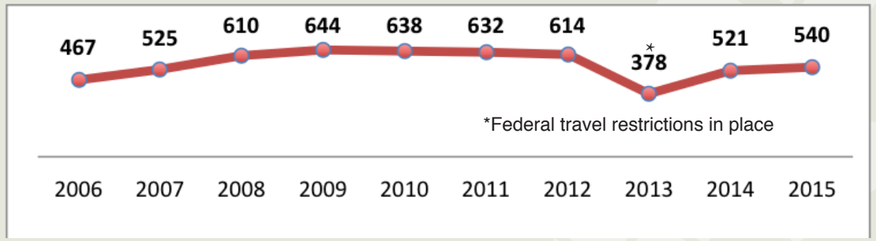
2015 AMOS HIGHLIGHTS





Total Attendance

The 16th AMOS Conference was attended by 540 participants with over 50% from industry, 26% from military and government, 13% from academia and 7% from FFRDCs. The Conference featured more than 100 technical papers in the fields of sensor processing, adaptive imaging and Space Situational Awareness (SSA), and showcased 25 sponsors and 17 exhibitors.



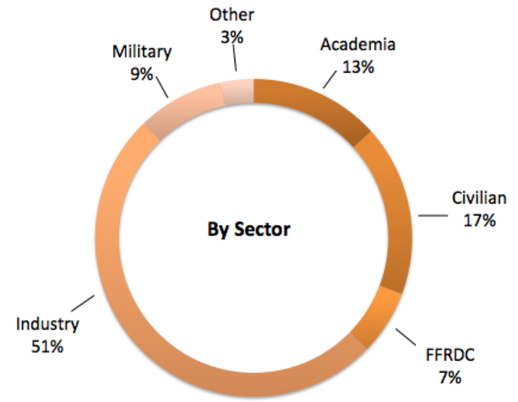
SSA Policy Forum and Keynotes

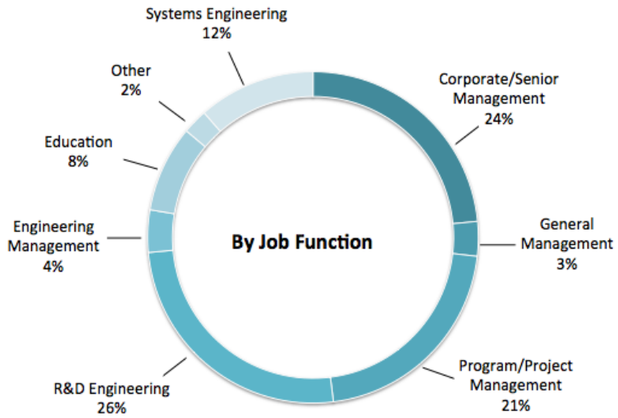
The 4th annual SSA Policy Forum brought together stakeholders in the SSA community to discuss current efforts and priorities for SSA collaboration. Keynote speakers included Major General Clinton Crosier, U.S. Strategic Command; Frank Rose, U.S. Department of State; John Hill, Office of the Under Secretary of Defense for Policy; George Nield, Federal Aviation Administration; and special presentations University of Hawaii President, David Lassner; and AFRL Det 15 Emeritus, Keith Knox.

6th Annual Space Exploration Student Day

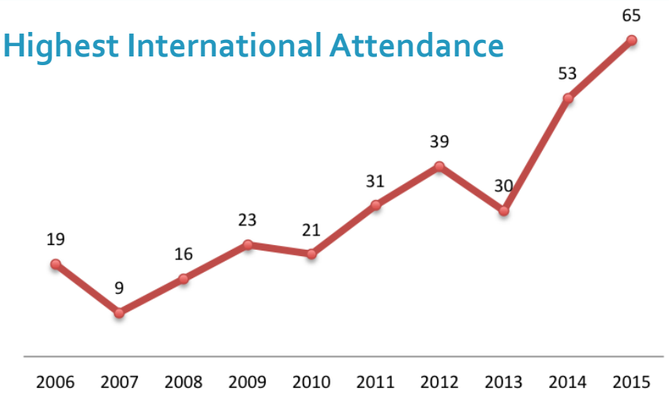
In partnership with the Air Force Research Laboratory, Detachment 15, 150 middle schoolers experienced the night sky indoors by stepping into a portable planetarium. Students also toured the exhibit venue and went hands-on with experiments!

By Sector and Job Function





Highest International Attendance



A continued increased focus on global SSA efforts resulted in our highest International attendance yet—65 individuals participated from nine countries including Australia, Canada, China, France, Germany, Italy, Japan, Republic of Korea, and Switzerland.
